

Volunteer Opportunities

To learn more about any of these opportunities, email Valerie Todd: valerie.todd@lighthousecharter.org

Year Round

After School Program

Read with a child, or volunteer in our writing and math centers. Plan to meet regularly and develop relationships with students.

Teacher & Office Support

Spend an hour photocopying worksheets or addressing envelopes to win the teachers' hearts!

Library Helping Hand

Re-shelve books and revisit your favorite children's stories!

Build A Display Space

Help us design and build a display for our students' innovative projects.

Making Teacher Support

Inspire our students with your amazing creations, then support them in their own projects.

Quarterly School Cleanup

Help us start each quarter with a spotless school!

Science Fair Judges

Our next Science Fair is June 2.

Fall

Interview With A Kindergartener

If you speak Spanish, our kinder reading students would love to ask you about your job!

Spring

Lodestar Move-in & Registration

Help us prepare Lodestar for its first semester!, by assemble/moving furniture, or registering students. Late spring—details to come.

10th Grade Passage Interviews

Help us determine our students' preparedness for 11th grade with a series of one-on-one interviews. Week of June 6th.

Be A Mentor!

Meet regularly for one-on-one time with an elementary, middle, or high school student, to help them achieve success both in and out of the classroom.

Spring Internships

Know a great internship opportunity? Let us know! Each spring we look for new ways to give our juniors a professional experience to develop life-skills and build their resumes. 2-3 hours/week, February-June.

You Can Be An Inspiration!

We are seeking volunteers with the following skills to work and speak directly with our students:

- **Working Professionals...**
To speak to classes about your career. People of color extra encouraged! Fields of particular interest include:
 - Government
 - Policy
 - Engineering
 - Sciences
 - Banking
 - Finance
 - Law
 - Art/Music
 - Publishing
 - Programming
 - Robotics
 - Humanities
- **Spanish Speakers...**
For one-on-one reading with elementary students.
